About

This book is a survival guide for those challenging early years – a fantastic read with practical user-friendly tools and strategies. Each week, we will meet in person to discuss a new section of the book, test out the tools, problem solve through any challenges, and share our struggles or triumphs. The tools learned in this book will help little kids grow into self-reliant big kids who are cooperative and connected to their parents, teachers, siblings, and peers.

Participants will borrow a copy of "How to Talk so Little Kids will Listen", with the option to purchase the book if they wish to keep it.

How to Register:

Contact Brittany Stainton, Family Enhancement Counsellor and mother of 2 young children (so I get it!)

Text or call 604-414-5728

We have a maximum of 15 spaces for this group. Please ensure you are able to commit the time to participate through the 8 weeks.

Registration closes April 3 or once the limit is reached. Look forward to seeing you there!
